Idaho Office of Highway Safety holding open houses across the state

BOISE-- The Idaho Office of Highway Safety wants to hear from you! Come join us for a series of SHIFT open houses across the state. SHIFT is our ongoing initiative to reduce the number of crashes on Idaho roads. By shifting our behavior and focus while we drive — even in the smallest ways — we can save lives. We know safe roads make for happy communities. Let's work together to drive engaged and keep each other safe out there.

Do you have concerns regarding traffic safety in your neighborhood? Have ideas to solve problems you see in your community? Drop by our next open house to learn about SHIFT and available funding resources. We're here to help and answer your questions.
